## CREATED FOR PERFECTION

---

Polle Interior – is an independent Belarusian brand, which creates premium class interior items.

For over 3 years, we have been making our world more aesthetic and ecological.

We value nature harmony and offer you to feel it, and to appreciate a joy of each lived moment.

Therefore, we decided to develop interior products, which can create cosiness and be closer to nature.

Let's start with cutting board. We create it especially for those who loves to cook and feels pleasure of process. There are inserts of European marble in wood that keep nature beauty and integrity after knife touch and give to all the items strict aesthetic.

Impregnated wood retains its shape and does not suffer from the water absolutely.

Try it yourself.

The food is ready and it is time to serve it. Our service board will cope with it. The board created in minimalistic design of solid wood and it is practical enough.

Thanks to appropriate cutout you can carry over a glass of wine or join together several these boards.

Coaster. A universal stand for hot drinks and wine. It looks aesthetic, beautiful, strict. Cubism and minimalism contributes to design. It is create of solid wood and insert of Portugal marble or Spain quartz. You may choose many variations of wood and stone combinations based on your preferences and design.

This double coaster looks like previous variant with the exception of obvious detail – it is for two.

For those who always dream and wish to highlight a special soiree, this option is an exclusive.
